

Monthly Report on Avery AOC – August 19, 2009

To:

Earl Liverman
US EPA, Region 10
Coeur d'Alene Field Office
1910 Northwest Blvd, Suite 208
Coeur d'Alene, ID 83814

As required in the AOC (CERCLA-10-2008-0135) (Section VIII, paragraph 20, item a) this document is the written report of progress. From this date forward, this report will be submitted to EPA electronically on or before the 20th of each month. Four hardcopies will be sent on the same date.

“These reports shall describe all significant developments during the preceding period, including the actions performed and any problems encountered, analytical data received during the reporting period, and the developments anticipated during the next reporting period, including a schedule of actions to be performed, anticipated problems, and planned resolutions of past or anticipated problems”.

Significant Developments During the Preceding Period

1. All of the Work Plans have been approved by EPA.

Actions Performed

2. Work orders and planning to implement field sampling campaign.

Problems Encountered

3. None.

Analytical Data Received

4. None.

Developments Anticipated During the Next Reporting Period

5. The scheduled portions of the field sampling campaign will be completed. These included:

- collection of soil samples from test pits,
- collection of soil samples from soil borings,
- installation of additional monitoring wells,
- collection of groundwater and surface water samples.

Schedule of Actions to be Performed

6. A revised schedule for completing the EE/CA work plan is needed; the goal is to deliver this schedule by COB August 21, 2009. While there are no substantive delays or changes, there are some minor changes needed to reflect progress on field sampling. No changes will be needed with respect to delivery of the EE/CA report.

Anticipated Problems

7. None.

Planned Resolutions of Past or Anticipated Problems

8. None.
